

Internship at FSSAI

In the Third year of its existence, FSSAI Internship Scheme is being offered to provide learning opportunities to young talent in the field of Foods and Nutrition, through a mutually beneficial Inter Industry-Academia association.

If you think you have ideas to value add in this arena, we will present you the opportunity to explore them through live projects of 8 weeks. Let your enthusiasm coupled with your abilities bring a positive change to the food landscape in the country and help you gain a challenging, yet rewarding, experience here. And when your initiatives take flight, we shall ensure a well-designed training calendar helps you in the course.

Who we are looking for

Students pursuing a full time post graduate degree/diploma from a Recognized Institute within India/abroad, in any of the following:

- Life Sciences, Chemical Sciences, Food Technology, Microbiology, Veterinary Sciences, Agricultural Sciences or any other related field
- Business Administration & Management including Policy Regulation & related areas
- Media & Communications

Note – Students in 3rd / 4th year of their 4-year Bachelor's program in Food Technology or related field can also apply

Internships will be available throughout the year at different points of time. All internships offered will be for duration of minimum 8 weeks.

Want to join us?

If you are interested and eligible, let us know more about you by applying online latest by **20th March, 2020** for the internship starting in the month of April, 2020.
