Mid-day meal fortification being examined in Rajasthan

Mohammed Iqbal

JAIPUR:, JANUARY 23, 2020

The Congress government in **Rajasthan** is considering expansion of the food fortification project to cover mid-day meals distributed in schools and Anganwadi centres to provide micronutrients to children in view of the high rate of stunted growth. Against the national average of 37.9% children under five years having stunted growth, the figure in the State is 39.1%.
