

Observing of Food safety standards mandatory: district food safety officer

Kakinada, Jun 7(UNI) District Food safety officer Kalyan Chakravarti has said that the food processing units managements should follow the food safety standards as it is mandatory on their part.

Participating as the chief guest at the special function held on Sunday at the office of the Food safety and standards authority of India under the joint auspices of Women empowerment trust and Food processing, training and production center to mark the observance of World food safety day, he advised the food processing unit managements to evince interest in selection of the raw material used for preparing food products. **Please log in to get detailed story.**
