### **MINISTRY OF HEALTH AND FAMILY WELFARE GOVERNMENT OF INDIA**

Union Health Minister Dr. Mansukh Mandaviya will inaugurate the Global Food Regulators Summit 2023 in New Delhi tomorrow. The two-day summit is aimed at creating a global platform for regulators on enhancing food safety systems and regulatory frameworks through collaboration. It will provide an opportunity to exchange knowledge and strategies for ensuring safe food throughout the food value chain. Considering the evolving landscape of emerging food hazards, new technologies and changing consumer needs, the summit envisages developing a cohesive approach on food safety policy frameworks. The event will have several technical sessions including on global regulatory framework, challenges and solutions for global food safety and impact of animal feed on food safety and human health.
